Elise and Nathaniel,  
As we understand the deadline for the substantiation request dated July 13th is August 3<sup>rd</sup>. Can you confirm the status of the 15 day CTV I A1-A2 substantiation request extension by CRC?

Many thanks,

Travis Hurst

Dear Mr. Albright,

Carbon TerraVault 1 LLC is in receipt of the U.S. Environmental Protection Agency Region 9's ("the Region") letter dated July 13, 2022, requesting substantiation of information claimed as confidential business information in our Underground Injection Control Class VI Permit Application No. R9UIC-CA6-FY21-1. We respectfully request an extension of time, pursuant to 40 C.F.R. § 2.205(b)(2), to respond to the Region's request. We submit that an extension of the deadline by 15 additional working days is necessary and reasonable in order to allow sufficient time to respond adequately to the Region's requests.

We look forward to hearing from the Region with respect to this request. Should you have any questions or concerns, please do not hesitate to contact me or Alexandra Hamilton, counsel for Carbon TerraVault 1 LLC, at [ahamilton@huntonAK.com](mailto:ahamilton@huntonAK.com) or 202-255-3171.

Thank you,

Travis Hurst
